

# EMMY® Express: Step-by-Step

## EMMY® Express Entry Log In

- Log in using your member number or e-mail address and your password.
- If you aren't already in our database, you can become a member or simply sign up as a "registered user." Links are provided.

## EMMY® Entry Info, Part 1

- Your contact information and member status will be displayed at the top of the page along with a list of any entries you've already submitted.
- Type in the entry title. **REMINDER: Don't use quotes or all caps for your entry title.**
- Select the category for the entry.
- Select submitting organization from drop-down or type it in.

## EMMY® Entry Info, Part 2

- **REQUIRED Info: length, producing organization, airdate and station first aired or URL.**
- No drop down menu for Producing Organization, but if it's the same as submitting organization you can "copy and paste" from above.
- You must enter month, day and year for the airdate in this format: mm-dd-yyyy. If you can't remember the exact date, make your best guess. For composites, enter the earliest airdate of items included on entry.
- Entry Summary/Description/Précis is not required, but suggested. If you plan to include the info, type it in here. It will print out on the entry form.
- Submitter's information will already be pre-filled. This is the person typing in the info.
- **If the submitter is an entrant on the entry, make sure the box at the bottom of the page has a check-mark.** The submitter's info will then be auto-filled in the "Entrant 1" fields in the next step.
- If you are not an entrant on the entry, make sure you "un-check" the box at the bottom of the page.

## Add Entrant Info

- On this page you will: enter entrant info, verify memberships or delete entrants.
- **REQUIRED fields:** Entrant's name, e-mail address.
- If the submitter is an entrant and the box was checked on the previous page, that person's information will already be filled in.
- **QUICK ADD:** This is a great feature to quickly auto-fill an entrant's information and verify his/her membership. Add a new entrant by entering the person's e-mail address OR the person's member number and last name. Click "Add Entrant." If the person is already in our database, the info will be added at the end of the entrant list. If the person is not in our database, the e-mail address will be filled in, but you'll need to type in the person's name. Address & phone number are optional, but if you have that info, please provide it.
- **IMPORTANT: You MUST click "Save Entrant Data" before proceeding to the next step. Once you "save entrant data," memberships will be verified and current member status will be displayed in red for all entrants.**
- **NOTE:** *If any of the entrants need to renew their memberships or become members, you can have them do so at any time. Then re-verify the memberships and the revised entry fees.*
- **REMINDER:** You MUST type in entrant's "role in the entry." This information is not auto-filled and is required before you can submit the entry. If you forget to do this, you will get an error message when you click on "go to next step." You will need to go back and fill in the info. Once all required fields are filled in, you'll need to re-verify the memberships before you can proceed. The easiest way to do this is to click on "Save Entrant Data."

- Select your video from your computer files by Browsing, be sure that you are uploading the correct file type.
- Click on UPLOAD.

The Screen will change to show a status bar indicating where the video is in the upload process. Wait for video to upload. Depending on the size of your file it should only take a couple of minutes, however, the longer the entry, the longer the upload process.

**IMPORTANT: DO NOT CLOSE THE BROWSER UNTIL THE UPLOAD IS COMPLETE.**

**DO NOT REFRESH THE PAGE OR CLICK THE "BACK" BUTTON ON YOUR BROWSER.**

***\*If you do so, you will need to re-start the upload process.***

#### Video Encoding In-Progress

- Once uploaded, the screen will change for encoding. The status will indicate "processing" until the video is "ready." (This process will take on average about 2 minutes for each minute of video to complete the 2 encodings but can take considerably longer if the server has a backlog of encoding.)
- You can keep your browser open while the video is processing; or, you can use the link at the bottom of the page to monitor the encoding process (a new tab/page will open in your browser); or, you can close your browser at this point and return later to finish the approval process.
- When the status shows "ready," **click on the thumbnail or "click here to play video" link** to play the video. Watch all the way through. What you see is what the judges will see. ***\*If the link does not appear, there was an encoding problem.***
- After watching your video, click on the **"Approve or Disapprove Video"** link.

### Step 4: COMPLETE THE UPLOAD

- If the video uploaded and played properly and you approve, **select Approve**.
- **CLICK FINISH**
- **If you do not approve — select "Reject and Delete."** Your video will be deleted and you can upload your video entry again.
- You have 3 opportunities to upload and approve your video. Once approved, or you've uploaded your video 3 times, you will not be able to upload again. Please contact the office at [emmysuncoast@gmail.com](mailto:emmysuncoast@gmail.com) to have options reset so you can complete the process.
- **\*IMPORTANT: Your video is NOT available to the judges until you approve it!**

You will receive an email confirmation once you have completed the upload and approved your video. Your entry is now ready to be judged.
