

THE 2020 SUNCOAST REGIONAL EMMY® AWARDS

We are living in unsettling times. We must, however, remember there are reasons to be joyful. It's important to honor those in our industry who give a voice to the voiceless, who expose injustice and who remind us that better days will return. Celebrating together, from a safe distance, can bring light to our dark times.

The NATAS Suncoast Chapter has decided to replace December's in-person awards ceremony with a virtual one. This decision was made out of an abundance of caution as we navigate our lives through the pandemic. We are now working on a way to honor the nominees and the winners with as much elegance as our traditional gala.

We hope you will all join us by submitting your work for consideration, and applauding those who achieve Emmy® recognition.
